In the last two minutes the game time will be held at each interception in the case of a tight score (2 or less goals difference).

7. Separation of the Ice Ring/ Goal / Puck

The game will take place using the entire ice ring.

The goals have the standard measurements.

The games will be played with 160 gram, black puck according to regulations from IIHF (International Ice Hockey Federation).

8. Tournament Plan

Ten teams will play in the tournament.

8.1 Preliminary Games

The preliminary games will be played according to the "round robin" mode. Each team will receive 2 points for each win and 1 point for each tie.

The following criteria will be present in the following order on the summary table:

- (a) Points
- (b) Direct comparison among the teams
- (c) Goals difference
- (d) Number of goals
- (e) Position in lottery

8.2 Play Off

A game will be place for each place.

In the first play-off, cross game concept will be used (1st place vs. 4th place; 2nd place vs. 3rd place; 5th place vs. 8th place; and 6th place vs. 7th place.)

In the second play-off held the matches for the final ranking list (e.g. final; winner of 1. vs. 4. and 2. vs. 3.)

When a game ends in a tie in the play-off, penalty shots will take place immediately at the end of the game. A lottery will decide who begins the penalty shots. Each team chose three players to shot the penalty and who shots the penalty will rotate from one team to another team. When there is still a tie, then each team chose one player to shot a penalty until a winner is determined. A player can not shot two penalties as long as not all the field players on his/her team have already completed a penalty shot.

9. Referee

The referee will be chosen by the "EBW" - Ice Hockey association Baden Württemberg. Each game will played with two referees.

9.1 Fouls

When a referee determines that a foul has take place, there will be normally two minutes time out for the player who commit the foul. A longer time out (5 minutes and disciplinary punishment—sit out for the rest of the game) is possible.

Disciplinary punishment for a player will be decided through a discussion between the tournament director and referee, (possibly the player is not allowed to play in the next game or in the entire tournament).

10. Team Uniforms and Players' Equipment

Each team should bring a light and dark jersey. All the team head coaches will be asked in enough time before the next game which jersey color each team will be wearing. This will minimize time lost from having to deal with teams who have same or similar jersey colors.

Each player is required to have the complete and functional equipment and the equipment should meet the safety guidelines. When a player is found lacking his/her equipment according to the safety guidelines, the player will not be allowed to play until he/she has the proper equipment.

11. Referee Arbitration and Complaints

The referee arbitration consists of the members of tournament administration. Complaints should be written and submitted with 20 minutes after the game and the results of the complaints will be determined by the referee arbitration. The decisions made by the referee arbitration are final.

12. Liability

The tournament organizer is not liable for damages. The teams should be covered with the necessary insurances themselves. Each team is liable for any damages made to the locker room/ teams' changing room.

13. Special Regulations

The trophy ceremony will take place immediately after the last game in the entire tournament. The teams are asked to wear their jersey when they appear at the trophy ceremony. Each team will receive a trophy for which position they placed.

Each team must be ready to play at least 10 minutes before their game begins. In order to maintain the planned time schedule, all teams are asked to hold the warm-up and the time on the ice at end of a game to minimal.

We wish all the teams a good arrival and a successful course in the tournament, especially three beautiful days in Mannheim!
